PRESIDENT’S MESSAGE

In our January Newsletter, I was very optimistic for a milder than average winter. Well, a local celebrity rodent saw his shadow on Groundhog Day and predicted six more weeks of winter. Who could have guessed that these six weeks would bring some of the coldest, most miserable winter conditions we have seen in Connecticut for many years.

Late in 2013 I was contacted by the East Hartford Department of Youth Services. They use a conference room located on the lower level of the Community Cultural Center at 50 Chapman Place where the walls are barren. The Historical Society was asked if we had pictures of their building or of any others that show East Hartford in past times that we could loan them. After receiving assurance the conference room is always secure when not in use, Jeff Cummings and I selected some items from our collections. On January 31, I met with the team and they took delivery of nine different pictures and paintings that will be mounted on their conference room walls.

I visit our museum buildings located at Martin Park every two to three weeks during the off season. Believe it or not, the inside temperature seems even colder than outside, but Park and Rec Maintenance takes good care of winterizing the Huguenot House so that the pipes do not freeze. I listen to messages in the answering machine and after deleting the usual stockpile of telemarketing calls, I was surprised to hear a voice asking if we might be interested in receiving a donation of nineteenth century documents originating from the Goodwin family of East Hartford. I quickly dialed the call back number and talked with Katherine Charette of Bristol who is a Goodwin family descendant.

Kathy and her husband Bruce met with me and Jeff at the Selden Brewer House on January 30. In an old leather pouch appeared a last will and testament, a quit claim, invoices and correspondence from the 1860s and 1870’s. Many of the documents were tied to Abigail P. (Judd) Goodwin and her son George O. Goodwin. We were very pleased to receive this gift that has direct ties to East Hartford. The Historical Society wholeheartedly thanks Kathy and Bruce Charette for their kind generosity in thinking of us.

Our March program at the Selden Brewer House will feature someone who has entertained us in past. This is a program you will want to see. Just a reminder that in the event of a cancellation due to winter storm conditions, an announcement will be made on local television stations where a notice will appear on the bottom of the TV screen.

Stay warm and we’ll see you all on March 19th.

Craig Johnson, President

KAYAKING ALONG THE UPPER CONNECTICUT RIVER

Join us for a relaxing evening traveling north through our beautiful New England states where we can promise you a glimpse of colorful flowers and green forests. Just in case you have forgotten what they look like! Jeff Feldman is returning with another of his visually stunning programs highlighting the Connecticut River and its many tributaries. This trip he explores the upper regions of the river through northern Connecticut, Massachusetts, Vermont and New Hampshire. Most of Jeff’s photographs were taken while paddling in his kayak along the shorelines of New England; a pastime that affords him close-up images of nature and wildlife.

Jeff’s work has been seen in photo exhibitions and juried shows. While not photographing views of flora and fauna, he enjoys capturing action shots of men’s and women’s college sporting events.
Jeff is a native of Connecticut growing up in Durham, and he now resides in West Hartford. Recently retired from the University of Hartford as a Grounds Foreman, he is a member of the Hartford Audubon Club, the Connecticut River Drifting Society and the Rivers Alliance of Connecticut.

This program will be presented Wednesday evening March 19, 2014 at the Selden Brewer House, 167 Main St, East Hartford. The evening will start with a short business meeting at 7:00 pm followed by Jeff’s presentation. The public is welcome. There is no charge. Light refreshments will be served. Parking is available in the lot in front of the Brewer House and on the street.

CIVIL WAR LETTER OF JOHN F ALLEN OF EAST HARTFORD

The 10th CVI had been mustered into US service in Hartford on Sept 30, 1861. In 1862 the regiment fought in the Burnside Expedition to North Carolina to control the landing and transporting of goods north to the Confederate army and to control the inland waterways. In 1863 the 10th CVI was sent to South Carolina to capture Charleston after taking its protecting Forts Wagner and Gregg on Morris Island and Fort Sumter. On July 18th Fort Wagner, near the tip of Morris Island, was assaulted. The black 54th MA led the first attack but was driven back by the brutal fighting. The 2nd assault was also driven back. The 10th CVI was to have been in the 3rd assault. But the order to attack had been canceled. The Union forces would settle into a siege of Fort Wagner.

John Allen, farm laborer from East Hartford, about 30 years old, had been with the 10th CVI since its beginning. He wrote this letter from Morris Island to his friend Edwin on Sept 23. By then Wagner’s & Gregg’s defenders had abandoned them (Sept 7). Fort Sumter had been pounded and was “Mass Ruins”, as John wrote, but it had not surrendered. Charleston wouldn’t surrender until early 1865. John would not see this. He was ill. He would die on October 3, 1863. Today he is remembered on the Civil War monument in East Hartford’s Center Cemetery.
